Searching for a fun Mexican beach resort away from the typical tourist meccas? The new [Las Villas Hotel and Spa](#) offers an affordable seaside option with plenty of room to stretch out on a private 3-mile beach. Opened June 5, the hotel's 71 rooms and 21 villas provide such luxe touches as private verandahs and marble and granite bathrooms. Best of all is the price – an oceanfront room can be had for \$140/night.

Located outside the town of Mazatlan on Mexico's Pacific Coast, Las Villas is the latest addition to Estrella del Mar, a golf resort known for its vacation homes and rentals. The championship course designed by Robert Trent Jones, Jr. overlooks the gorgeous coastline, while kids will delight in the resort's sea turtle sanctuary.

If you're looking to book ahead for a fall getaway, Las Villas' Golfer's Paradise Package offers the best of what the resort has to offer – at a stunning 40 percent discount. Enjoy three nights in an oceanfront room, four rounds of golf, roundtrip airport transfers, welcome margaritas, breakfast daily, and a dinner for two at Los Delfines restaurant. Package rates start at \$750 for two people. *For travel starting November 1; to book, call 888-587-0609 or visit [estrelladelmar.com](#).*
